

GREYHOUNDS

More than just racing dogs

With their gentle nature and rich history, greyhounds are cherished in different roles around the world.

Winners in the show ring!

- A greyhound was the first dog to win Crufts Best in Show.
- Greyhounds have won three times 1928, 1934 & 1956.
- A greyhound from Germany won the Hound Group in 2022.

Beloved pets around the globe

Only 5 countries have a commercial greyhound racing industry.

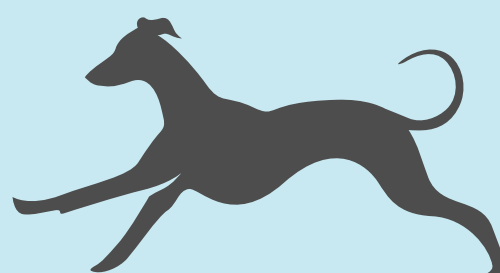

But greyhounds are kept as pets in many other countries around the world.

Greyhound owners are passionate about the breed!

New Zealand doesn't need greyhound racing to have greyhounds as pets

- Greyhounds deserve safer lives with good welfare.
- The breed will thrive as pets in smaller, more sustainable numbers after the ban.
- The future of greyhounds in New Zealand is as much-loved pets, not bets.
